25X1 car (69 axles, 677 tons, [REDACTED])
25X1 [REDACTED] from Guben to Beelitz; Soviet
hospital train. (2)

25X1 [REDACTED] Comments

- (1) Repeated information on Soviet hospital trains running between Buch and Beelitz confirms the transfer of the Buch Soviet Military Hospital to Beelitz. (4)
- (2) Probably an empty Soviet hospital train coming from the Soviet Union. According to other reports, 111 persons have been evacuated from Beelitz to the east since the Fall of 1949.
- (3) Information on empty trains enroute to Jueterbog and Magdeburg and on the repatriation of Soviet dependents from Jueterbog corroborate a previous assumption that collecting points for repatriation of Soviet dependents are in these towns.
